Get an e-learning system aligned with South African outcome-based learning,

SETAs and **QCTO**

Holistic: The SDS has been developed to provide holistic training and quality assurance capabilities to SETAs, the QCTO and Skills Development Providers (SDPs), "training Institutions"

Customised: As per our belief, the SDS is NOT a generic "off-the-shelf" system that many have been forced to use, but it is a customised solution to the SETA/QCTO environment.

SDS Features: Institution Administration, financial management, Facilitation, Assessment, Moderation, ETQA Quality Assurance and Monitoring and Evaluation.

Teaching & Learning Aids: The SDS is compatible with Zoom, MS Teams, Moodle **Integration:** The SDS is compatible and can be integrated with any Learner Management system that may be in place, whether at SDP, SETA or QCTO level, you will not need to "do the work twice".

Realtime: The SDS offers real-time updating of learner information, attendance, assessments and achievements, financials.

Virtual Library: The SDS comes with a virtual library, SDPs are able to upload learning materials, study guides, audios and videos.

Live Classes & Facilitation: SDPs are able to conduct live classes at anytime with all their learners.

Learning materials, study guides, audios and videos.

e-Learning content development We can provide stunning examples of

elearning content that have developed

Learning technology and software

Our software features include Institution Administration, financial management. Facilitation, Assessment, Moderation, etc

Live Classes & Facilitation

SDPs are able to conduct live classes at anytime to all their learners

Video & Animation

Animated video can be a powerful way to convey a concept and engage your learners.

Our SDS software is compatible with Zoom, MS Teams, Moodle etc
